

Loucks Road Natural Gas Infrastructure Replacement Project

The Loucks Road Natural Gas Infrastructure Replacement Project is a comprehensive replacement plan to upgrade the aging gas pipelines in the borough.

Project plans consists of:

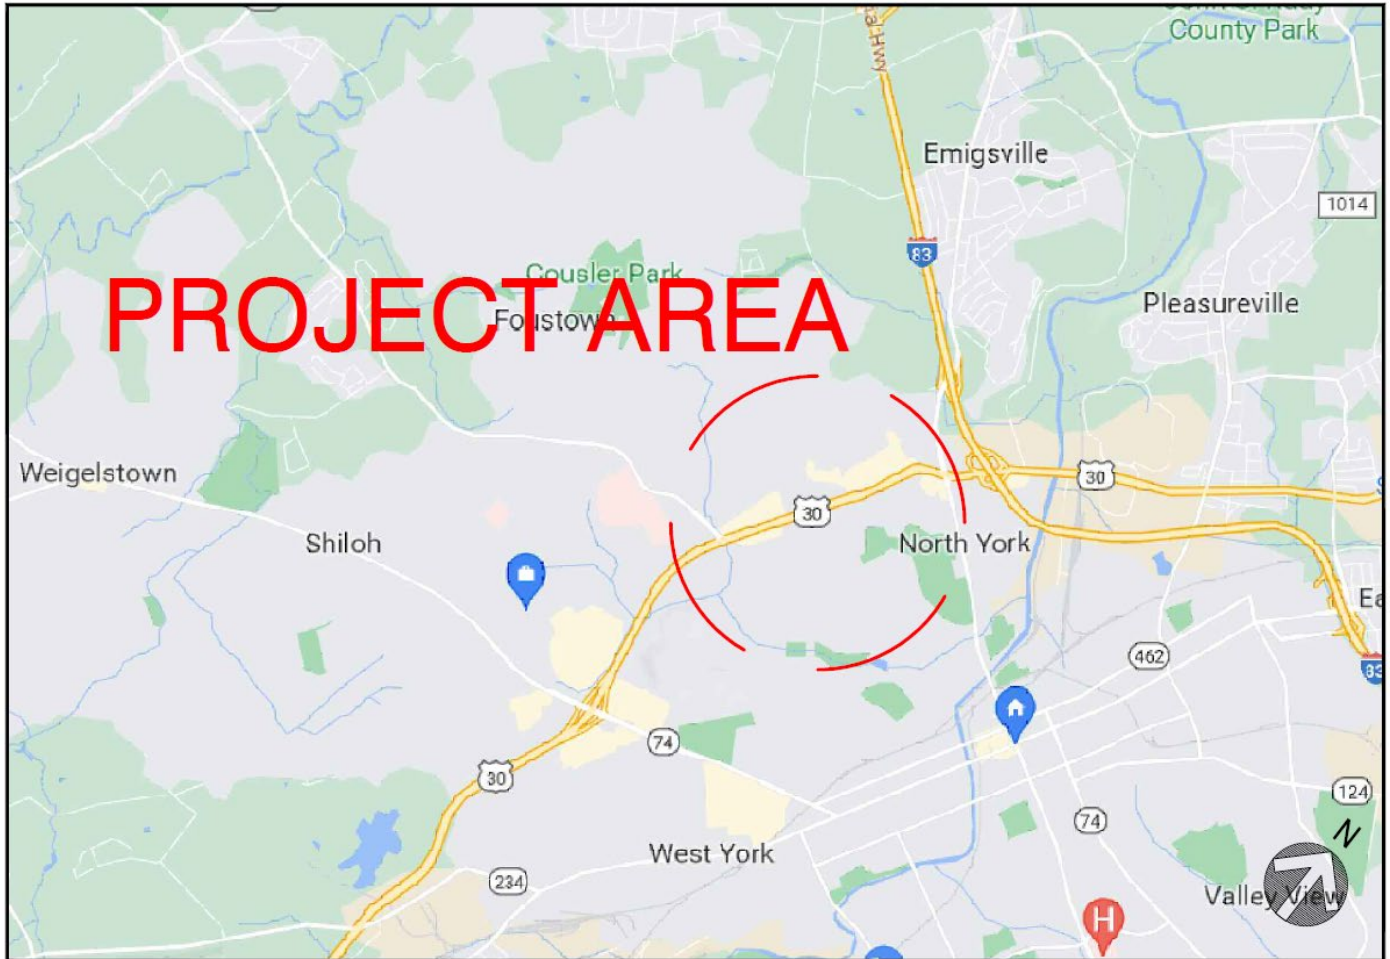

- Approximately 10,330 linear feet of mainline pipe will be replaced
- Approximately 58 customers will be affected
- Pipeline replacement work will take place on the following streets:
Loucks Road (SR-30), Roosevelt Avenue, Chapel Drive, Evunbreth Drive, Devers Road, Colony Drive, Pennsylvania Avenue, North Susquehanna Trail, West 11th Avenue
- Hours of operation will be Monday – Friday, 7AM – 5PM. Holidays excluded, with the possibility of Saturday and evening work.
- Work will be completed by Kinsley Construction, a Columbia Gas of Pennsylvania contractor.
- Lane restrictions will be in effect only during work hours
- Project is tentatively proposed to begin in late November 2023 and is estimated to take approximately nine months to complete
 - *Project duration may be impacted by weather and/or unforeseen construction impediments in existing ground conditions*
- Customer properties will be restored to pre-project conditions following the completion of main and service line work. Road, sidewalk and other right-of-way restoration will be completed using reasonable local municipal standards or PennDOT's standards of restoration.

Loucks Road Natural Gas Infrastructure Replacement Project

Project Map

At Columbia Gas of Pennsylvania, we see our pipeline replacement program as an investment in the communities we serve. Required to enhance the safe and reliable system we currently operate, the upgrades Columbia Gas is doing now are part of our ongoing commitment to reliably deliver natural gas, safely and efficiently, for generations to come.
