This is an email I received from a resident/real estate agent the other week.

Hey Chad.

I'm at the property now and checking out the new sidewalk. Looks incredible!

I was hoping you could provide me with an update on the job. Where do we stand with the asphalt replacement on the driveway? Picture attached.

Also, I'm not sure if the Township officers can received the equivalent of a Yelp five-star review or Google review but I am impressed with the expediency and the effectiveness of your efforts in getting this worked on.
